(May 2015: Vol. 10 No. 5)

The Mt. Vernon Unitarian Universalist Fellowship

~A Welcoming Congregation~

1600 Isabella, Mt. Vernon, IL 62864

## Sunday Morning Service Schedule

(All Sunday morning services are held at 10:00 a.m. at the Fellowship building and are open to the public. If you are interested in leading a service or delivering a sermon, please use the Service Sign-up sheet at the back of the fellowship hall.)

**3 May:** Nina Peacock will lead this service on Mindfulness.

**10 May:** Donna Beaumont will present this service on Mother's Day. There is hardly a one of us – man or woman – who has not been mothered at some time by somebody, and who has not offered mothering. This service offers an opportunity to look back on our lives and consider the mothering we have received and the mothering we have given, taking our part in the human family.

**17 May:** Theresa Rowe will lead this service for the “Merry Mary Month of May.”

**24 May:** *Open Readings Service.* Please bring readings, music, artwork, anything you would like to share. Open Readings can be some of our most special services.

**31 May:** Donna Beaumont will lead the annual Flower Communion, a favorite ceremony in the Unitarian Universalist tradition and a statement of community. Please bring a flower to the Sunday service, or take one from the vase provided. Each person places his or her flower in a shared vase. At the end of the service, each person takes home a flower other than the one that he or she brought, signifying that, as no two flowers are alike, so no two people are alike, yet each makes a unique contribution.

Please check the MVUUF [website](#) for updates to May services.

## ***Tenth Anniversary of Mt Vernon UUF, Part Four***

Exploration of the possibilities for a UU fellowship in Mt. Vernon continued, and on the last Wednesday evening in May 2005, the third of three public informational meetings was held. At the first two meetings, Rev. William Sasso and others from the Carbondale fellowship spoke about different aspects of Unitarian Universalism. At the third and final meeting, Dr. Angela Merkert, then Congregational Services Director of the UUA's Central Midwest District, visited and spoke.

In an effort to establish contact with and make use of UUA growth resources, Glenda Eubanks and Saribenne Evesong, members of the fledgling group at Mt. Vernon, attended a new congregations workshop; and Randy Farrar attended a congregational marketing workshop at Eliot Chapel in Kirkwood, Missouri.

According to a Chalice Lighter grant application document prepared by Rev. Sasso: The UUA-provided Percept "The Ministry Area Profile 2004" ("the Study") offers an analysis of the population living within a 25 mile radius of Mt. Vernon, Illinois. The Study suggests that the area includes approximately 354 households, including roughly 900 individuals, likely to prefer Unitarianism/Universalism as a religion.

Rev. Sasso further notes:

The challenge for the MVUUF is to identify and engage those potential Unitarian Universalists, and ultimately to offer a place of worship to those who seek a fellowship to which to belong.

Ten years later, the challenge remains.

### ***Building Your Own Theology***

Building Your Own Theology group will hold its first meeting Sunday May 31, from 11:15 – 12:45, and weekly thereafter for a total of 10 weeks. Since May 31 is also Paul Oakley's ordination in St Louis, that week will end by 12:30, for people traveling to St. Louis. Participants need to have a *Building Your Own Theology* [book](#) (Donna has several to lend) and need to read introduction and the first lesson before the first meeting. Diane Schwitz has kindly offered to facilitate on weeks that she does not have to work.

**Open  
Minds**

### ***Open Minds Healthcare Discussion***

The May 20 Open Minds presentation includes a film and discussion on Healthcare, led by Sue Trotter. The Social Justice Interest Group hosts the Open Minds discussion series on the third Wednesday of each month at 7 p.m. at the fellowship building, to encourage exploration and discussion of social justice and related issues. The series is open to the public. The June topic is Genetically Modified Organisms.

*Advancing human rights is the work of many joining hands*

## *The UUSC Link*

**The Unitarian Universalist Service Committee is an independent human rights organization, supported through the volunteer efforts and financial gifts of its members and supporters, and linked to UU congregations through local representatives. The four focus areas of its work include: *Rights in Humanitarian Crises; Civil Liberties; Economic Justice; and Environmental Justice.***

This year eight Unitarian Universalist organizations teamed up and created an unprecedented network of concern and action: [Commit2Respond](http://www.commit2respond.org). (UUSC, UUA, UU Ministers Association, Liberal Religious Educators Association, UU College of Social Justice, Diverse Revolutionary UU Multicultural Ministries, UU Ministry for Earth, UU Environmental Justice Collaboratory) Please join in at [www.commit2respond.org/action](http://www.commit2respond.org/action) for specific commitments to act.

Over the course of a month, members of our fellowship, led by the Social Justice Interest Group, brought us through a series of services, beginning on March 22 with World Water Day/ Climate Justice Sunday, and ending on April 19, with an Earth Day service, focusing on Climate Justice. We have connected with our love for Earth, reckoned with the great loss we are experiencing, reconciled with our current reality while remembering the joy of being alive, and committed ourselves to serious action to save our planet and ourselves. I hope you have found inspiration and hope in these messages.

Saving our biosphere is possible, but it will take a paradigm shift and a revolution of values to get there. Our framework is simple: to meet this challenge, we need to shift to a low carbon future, advance the human rights of affected communities, and grow the climate justice movement.

The work has only just begun. Programming on climate change and climate justice is being planned for General Assembly this year as well as an Action of Immediate Witness to galvanize support for a sustainable treaty in Paris during the United Nations Summit on Climate Change.

The road before us is long. Dismantling the current paradigm will take great intention from all of us. But it is possible. And it is necessary. Earth Day is an end, but it is also a beginning of creating a new world — together.

## Summer Water

The summer months are framed by the Flower Communion at Memorial day and the Gathering of the Waters ceremony, or Water Communion, at the end of summer. Please take a moment during your summer travels to collect water to share at summer's end.

Unitarian Universalists claim no statement of doctrine. We believe there is no one right way to lead a religious or spiritual life. We value each individual's spiritual journey, and believe in reason, freedom, equality, and love. Join us as we gather in community, seeking peace and justice for all persons.
